**Take to the Trails...**

**Chain Trail**  
**Difficulty: Easy Length: 4 km**  
 (~ 1.5hr. walking ~ 30min. biking)  
 This trail takes you past the historic lime kiln located near Gunn Point. Lime was quarried and used in the 19th Century to break up clay soil, as mortar, and as a disinfectant in settler privies. You can also see dolostone which is made up of ancient sea creatures compressed over millions of years. This dolostone was quarried to construct the local Chantry Island and Point Clark lighthouses. Inverhuron holds evidence of the fact that this land has been used by cultures for over 4,000 years!

**River Trail**  
**Difficulty: Moderate/Difficult**  
**Length: 3 km (~ 1.0hr. walking)**  
**BIKING PROHIBITED**  
 This trail will take you along the winding Little Sauble River. Through interpretive story panels, you can discover some of Inverhuron's history including old mill sites, homesteads, and one of the area's oldest cedar trees. During the spring and fall, spawning trout can be seen from lookouts

**Maloney Trail**  
**Difficulty: Easy Length: 1 km**  
**BIKING PROHIBITED**  
 This trail branches off the Chain Trail so you may extend your hike an extra kilometre to enjoy the hardwood forest and former homestead locations.

**Tulip Trail**  
**Difficulty: Moderate**  
**Length: 0.5 km**  
 This trail has its ups and downs as it is elevated along the main park road and ends at the park office. If you look around, you will notice an abundance of Tulip Trees along the way hence the name "Tulip Trail".
